

2011 Show - Our 20th Season:

- Locally rated #1 – Cincinnati Enquirer rated 10 for 10!
- Nationally recognized – selected by Haunt World Magazine as one of America's top 13 haunts!
- The area's longest haunted dark attraction.
 - Over thirty minute bone chilling tour
 - Two levels and more than 40 horrifying areas
- Built on a real steamboat dredge.
- Nicknamed the Death Dredge by its crew, the old boat is haunted by some of the river's most notorious spirits.
- The horrific story of the Death Dredge comes alive in the area's most detailed haunted attraction enhanced with Hollywood quality sound, lighting, animations and special effects.
- The fright seeker is immersed in the frightening story of Captain Mitchell and his infamous family and crew. Learn about life on the Death Dredge as experienced by:
 - Captain Mitchell's strange family including his mysterious daughter, Anna;
 - Bizarre passengers including the infamous Rat Lady, the 13' Impaler, the Overlord and Circus Troupe
 - The fright seeker's favorite crewmembers including the Oiler, Chief Engineer, Chef, Ship's Doctor, First Mate, Machinist, Exterminator, Carpenter, Firemen, Deckhand, Stewards, and many others
- The 2011 tour is a glimpse of the old dredge and her crew never seen before!
 - View Captain Mitchell's private collection of oddities from around the world in the Mitchell Museum and massive cargo hold
 - Tour the Captain's private quarters and see his daughter Anna's strange play room and playmates
 - Walk through the massive engine room and experience the horrors endured by the crew of the steamboat.
- **NEW in 2011 –**
 - **For the first time ever**, explore the **ship's laundry** and meet the ship's laundry chief as our new path takes you through a previously unopened area of the historic vessel.
 - The path also takes a turn through the center of the impact zone - an area crushed as the boat hit several bridges during a wild uncontrolled trip down a rain swollen river. **The machine shop is open for the first time**, and among the mangled steel, the Blacksmith and the Machinist are hard at work re-animating the dredge and her crew.
- This year's tour offers many new details and scares as well as the fright seeker's favorite areas including: the Rat Lady's quarters, Pump Well, Cargo Hold, Dredge Engine Pit, Engine Room, Infirmary, Wheel Wells, Galley, Freezer, Crypt, Pantry, Vortex, Anna's Bedroom, Torturer's Chamber, Boilers Station, Boiler Pit and many others.
